Subject: MR4601001 PDF for review/Math Reviews

Mathematical Reviews/MathSciNet Reviewer number: 082361

Dear Professor Peng:

The following item has been assigned to you for review:

[MR4601001 Bilodeau, Blair, Foster, Dylan J.\ and Roy, Daniel M., Minimax rates for conditional density estimation via empirical entropy, Ann. Statist. 51 (2023), no. 2, 762--790]
62G07 (62C20 62G05 94A17)

Thank you for agreeing to receive items for review in PDF format.
The majority of our review items can be made available electronically,
though some items are still sent in printed form via the postal service.

Your valuable service to the worldwide mathematics community is greatly appreciated. We hope that you can complete your review within eight weeks.
If you cannot review this item at this time, please let us know as soon as possible by writing to us at mathrev@ams.org. Our thanks are given in advance for your promptness, and for your generosity with your time.

PLEASE NOTE: This PDF file of this article is intended for reviewing purposes only and is not to be forwarded.
